King's Cross St Pancras Tube Station Wikipedia - King's Cross St Pancras formerly King's Cross is a London underground station on Euston Road in the Borough of Camden Central London. It serves King's Cross and St Pancras main line stations in Fare Zone 1 and is an interchange between six underground lines. The station was one of the first to open on the network as of 2017 it is the most used station on the network for passenger entrances. Disused Stations Eridge Station - Notes Eridge station prospered over the years with trains leaving in four directions to Lewes via Uckfield to Polegate via Hailsham to Tunbridge Wells via Groombridge and direct to Oxted and was expanded to provide two through platforms and two bay platforms plus goods facilities. Underground History Wood Lane Underground Station - The original Wood lane station had several commercial and storage uses over the years after it closed but it's final years were spent derelict painted a uniform red colour overlaid by graffiti. Station Name Hebben Bridge Disused Stations - Notes Hebben Bridge Station is by no means an architectural gem but it is a wonderfully preserved and refurbished example of a small town station the likes of which could be found throughout the British railway network until the 1960s when closure or demolition of the old buildings and their replacement with bus shelters almost eliminated them as such it is a place to savour. Mpala Research Centre and Wildlife Foundation - Mpala facilitates and exemplifies sustainable human wildlife co-existence and the advancement of human livelihoods and quality of life we do this through education outreach and by developing science based solutions to guide conservation actions for the benefit of nature and human welfare.
